

Operational notice:

Next June 16th 2023, Medgaz will perform its annual maintenance campaign. These operations will take approximately 13 days from June 16th 06:00 (CEST) till June 28th 24:00 (CEST). During this period the gas flow may be stopped to perform the scheduled works. Therefore, the entire Medgaz transportation capacity will not be available during commercial days from June 16th, to June 28th. Shippers, shareholders and third parties involved have been informed.
