

Operational notice:

Available Daily Capacity Report

From September 14, 2021 to September 30, 2021

866.608,87 Nm³/day

From October 01, 2021 to October 31, 2021

1.343.061,87 Nm³/day

From November 01, 2021 in advance

171.428,44 Nm³/day

This information is updated as soon as there is any change.

Capacity requests will be dealt with in strict order of receipt of binding requests in a transparent, objective and non-discriminatory manner.

Medgaz is making an investment that will increase the theoretical capacity of the gas pipeline from 8 to 10 bcm in 350 days. Performance tests will have to be carried out to find out the maximum capacity of the MEDGAZ system as well as the maximum input capacity into the Spanish grid.
